1/1950 - 7/2009**

3/5/1996 – A severe thunderstorm produced a tornado that touched down near the town of Salem in Walthall County. Five people sustained minor injuries when their mobile home was demolished by the tornado. The tornado also destroyed three other mobile homes, damaged 20 houses and downed numerous trees and power lines. The tornado produced an estimated \$150K in damage along its 8 mile path and was rated an F1 on the Fujita Scale.

11/15/2006 – A severe thunderstorm spawned a tornado that moved into Walthall County from Washington Parish LA. The tornado moved northeast across the southeast portion of Walthall County before exiting into Marion County. While in Walthall County, the tornado destroyed several mobile homes and tore the roofs off of several frame houses. Luckily there was only one reported injury. The tornado was responsible for an estimated \$500 thousand in damage and was rated an F2 on the Fujita Scale.
